during examination. The order of questions is not the same in all Test Booklets and they are jumbled. Candidates should never change their Test Booklet during the test.

Changing the Answer

If a candidate wants to change any answer on His / Her answer sheet, He/She must erase completely the existing mark and then darken the appropriate circle. To facilitate this, the candidate will have to mark correct option with blue or black ballpoint pen. An answer will be treated as wrong if there are marks on a circle other than darkening the circle for the correct answer. Also a lightly or faintly darkened circle will be treated as wrong and will be rejected by the Optical Scanner. Candidates are advised to decide about the answer before they mark it on the answer sheet. This would save some valuable time, which would otherwise get wasted in erasing the marks and re-doing them.

Rough Work

If a candidate wishes to do some rough work, then it should be done in the Test Booklet itself. It should not be done on the Answer Sheet.

Question no. 98 in the Test Booklet may read as follows:

98. According to Newton's First Law of Motion

A. $F = ma^2$

B. $F = m^2a$

C. $F = ma$

D. None of the above

Scoring

Each Question carries one mark. There is no negative marking. If the answers are not marked correctly, then it will be considered as a wrong answer. Also no request for revaluation or re-checking
