MESSAGE

I welcome all the new and old students to Ch. Bansi Lal University. Two years in the life of a University are too short, for Universities are forever. The University came into existence in July 20th, 2014 when I joined it as the Vice-Chancellor. In spite of a severe crunch in the human and infrastructural resources, 19 traditional, job-oriented and professional courses were started in one go. The syllabi were revised and updated keeping in view the latest in the related field. State-of-art labs have been established similarly quite rich. Library has been created. Our students have been motivated for copying free examinations. University has adopted Choice Based Credit System thus to become the very first University in the state to adopt it. And above all, highly charged academic environment has been triggered wherein the students and teachers work hand in hand to achieve to reach the academic pinnacle. During these two academic years we have ridden, as if, a storm hopping from one event to another, from one extension lecture to another, from one workshop to another. Thus we carried on with our journey vigorously, enthusiastically and energetically.

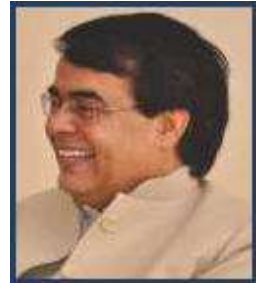

The good news is that the University has been allotted about one thirty two acres of land and hopefully the job of the layout plans will commence soon. The University now proposes to venture into some professional job-oriented, yet, unconventional fields by introducing courses likes Sports Management, Public Health and Sports Science. The synergy of the youth and the experience of the old combine here into a force with the help of which the University dreams of creating a niche for itself in the world of knowledge.

Our aim is to foster universal values which sustain the unity and integration of the people. I am for sure that the Ch. Bansi Lal University will succeed so that they may gradually evolve into competent persons to serve the Society and Nation.

I take this opportunity to again welcome all the students and assure them that the University is committed to afford them a highly vibrant academic and intellectual environment with an aim to achieve higher standards of excellence.

MESSAGE

I welcome all the students to the vibrant and vibrating realm of Ch. Bansi Lal University, we fondly call C-BLU (Sea Blue). The first 22 month of the existence of C-BLU has been really happening. University started from a scratch with a determination to create a centre of excellence in the world of academics, and have achieved much in a very short span of time. The teaching programmes went on the programmed lines, and smoothly. The university is not only able to create an environment conducive to academic excellence, but also motivated pupils to go for copying-free examinations, and is a success.

The prime focus of the University is to focus on the all-round development of the students keeping in mind the value oriented education in confluence with the modern ICT capabilities. Looking to the needs of present day higher education requirements like professional attitude, personality development and effective communication skills of the students, the facilities developed in the University will help in grooming the students to achieve excellence in their career. The University also plans to start Yoga so as to help the students to cope with stress. South Haryana is still lacking in the education facilities for science subjects; the University has started PG in basic sciences so as to attract students towards this discipline. The university is striving to start various courses in sports sciences discipline so as to provide trained manpower for catering the needs of this sector effectively.

I am confident to provide student-friendly and academic-centric environment to our students. I assure our students to provide congenial atmosphere for all round development of the students during their stay in the university. I am sure that the University will be able to create a centre of higher learning in this rather academically anemic region with the co-operation of all stake-holders.

With best wishes,

(Bhagwan Singh)

ABOUT THE UNIVERSITY

Established by the Government of Haryana under Act 25 of 2014, Ch. Bansi Lal University, Bhiwani was envisioned to be a centre of excellence in the realms of Sports, Health and Sciences. It has been recognized by the UGC under 2F. A boon for the educationally deprived people of the region, the University has been established as a teaching-cum-affiliating University to facilitate higher education in multidisciplines. Located to the west of Delhi and south of Chandigarh at a distance of 125 and 285 Kilometers respectively, the University envisages itself in a great role to play in enlightening and empowering the students of the area. Admissions And Examination Immediately after its inception, the University sprang into action and began the admission process in all earnestness. More than five hundred students were admitted in the faculties of Science, Commerce and Humanities. In fact, within a short span of twenty one days, the whole process of admissions and the recruitment of faculties was completed and the teaching programmes were triggered without any delay. The University ensured that the classes were held seriously and regularly. The students were motivated to attend the classes. They were also motivated on a regular basis not to copy in the examinations. It resulted into copying-free examinations, well appreciated by the students, in particular, and the society at large. The results were also declared in a record time of fifteen days.

The University has been established as a teaching-cum-affiliating University to facilitate higher education in multi-disciplines with special emphasis on sports and physical education and to achieve excellence in these and connected fields. In a short span, Ch. Bansi Lal University has made rapid strides in spreading the education of Science, Sports and Health in the region. The University has started Post-graduate Courses in Nineteen Departments belonging to 09 Faculties. Choice Based Credit System has been implemented. The results, too, were announced in a record time.

LIBRARY

The University has made vigorous efforts to create an educational ambience in the campus by improvising a well-accommodating and amply-stocked library. Besides, since the very inception of the University, we are taking measures to build a library which would be housing not only good quality text books and subject related books, but also a large number of dictionaries and other reference books, besides some high quality journals including print and referred journals to encourage research programmes. The library is also going to be digitized soon; the purpose is to build a treasure trove of knowledge.

E-Learning and Soft Skill

With a wide range of traditional, professional and job-oriented academic programmes, the University is committed to imparting quality education to its students to empower them to cope with the global challenges--present and future-- and to keep pace with the march of time. It offers to its students a vibrant learning ambience and acquaints them with the multiple concerns and techniques and fresh perceptions of the society undergoing rapid and, sometimes, tumultuous changes. From the very beginning, the University has striven to impart quality education coupled with technical development. A kind of virtual learning environment is envisaged for the emerging e-learning community and the University has made itself a commitment that it will make all its students computer-savvy keeping in view the mounting prerequisites of the global requirements. And here comes the requirements of the use of English which has become almost a lingua-franca for the educational, business and professional world. In this context, it is imperative on the part of the University to take care of the inadequacies and challenges of the underprivileged youth of the region whose potentials have remained unharnessed and untapped. To overcome the communicative malnourishment, learning of computers and interactive whetting is to be ensured through adequate smart classes, language labs and computer application based courses.

SPORTS

Haryana, one of the most fertile lands in the country, is inhabited by the people who have the potential for great physical as well as intellectual growth. Making a *jugal bandi* of these two dimensions of our great people, the CBLU targets at the holistic development of the energetic youth of the region with a special emphasis on sports and physical education. Keeping in view the above objective, the University is going to start some new programmes like Master of Sports Management, Master of Sports Medicine, etc. from the next session. Above all, our constant endeavour is, and will be, focused on shaping our young boys and girls into worthy sons and daughters of Mother India.

ABOUT BHIWANI

Bhiwani is situated in the Western part of Haryana, India. It is located at 28.78°N 76.13°E. It has an average elevation of 225 meters (738 feet) It is known as the city of temples and often termed as "**Chhoti Kanshi.**"

Besides being a seat of spiritual learning, the city has been at the center stage of regional politics. Excavations (1968–73 and 1980–86) in the village of Mitathal in Bhiwani have unearthed evidence of Pre-Harappan and Harappan (Indus Valley Civilization) culture in the area. Near the village of Naurangabad, about 10 km from Bhiwani, preliminary diggings in 2001 have revealed artifacts like coins, tools, sieves, toys, statues and pots up to 2500 years old. According to the archaeologists, the presence of coins, coin moulds, statues and design of the houses suggests that a town existed here sometimes in the Kushan, Gupta and the Youdheya period till 300 BC.

Bhiwani city finds mention in Ain-e-Akbari and has been a prominent centre of commerce since the time of Mughals.

The city is about 124 kilometers from Delhi and 285 kilometers from Chandigarh. It is very well connected through state roadways with all the major towns in the region.

Bhiwani is the home town of Late Ch. Bansi Lal, former Chief Minister, Defence Minister, Railway Minister and Civil Aviation Minister. The great Ch. Bansi Lal is the creator of modern Haryana; he got connected all villages with metalled roads, provided water and electricity to all villages and took water to sandy south Haryana by way of lift irrigation.

Bhiwani, also called 'Mini Cuba' for producing top boxers, including Olympic medalists, having made a mark in national and international sports arenas, is set to further cement its position as a sports nursery with the state government having set up a University in the town with the special emphasis on sports.

Subject: Regarding prescribing minimum eligibility qualification for the various courses.

Sir/Madam,

I am directed to invite your kind attention towards Government Instructions No. 3870-WG/ASOI-64/2009 dated 6th/10th October, 1964 whereby the candidates of Scheduled Castes and Scheduled Tribes provided 5% reduction in marks in the minimum eligibility qualification for admissions in various courses.

It has come to the notice of the Government that at present where a General Category candidate is required to have 50% marks in a prescribed qualification for admission in any course, as per the above instructions a reserved category candidate is required to have 45% marks giving him 5% reduction in the minimum qualification. Vide judgment of Hon'ble Supreme Court in Civil Appeal No. 7084/2011, it has been observed that the practice is wrong and the relaxation of 5% should be reduced from the minimum required marks on a general category candidate for e.g. :-

In a course, a general candidate requires to have 50% marks, then as per Govt. instructions by giving 5% relaxation the minimum eligibility marks for a reserved caste candidate should be calculated as under :-

Out of 100 Marks needs to less = 5

Out of 1 Mark needs to less = 5 / 100

Out of 60 Marks needs to less = 5 / 100 X 60 = 2.50

This way minimum less marks where general category candidates are required to have 50% in a prescribed qualification, the total required marks for a reserved candidates will be 50 - 2.50 = 47.50 and not 45.

All concerned are requested to implement the instructions as per the above procedure in the compliance of the judgment of Hon'ble Supreme Court passed in CWP No. 7084/2011.
