IV PROCEDURE OF SELECTION

4.1 Preparation of common Merit list and Allotment of Seats:

Subject to any orders that may be passed by the competent Courts, admission will be only on the basis of inter-se merit determined by adding marks obtained in the KEAM-2015 examination and marks obtained for Physics, Chemistry and Biology in the qualifying examination. The marks of the KEAM-2015 and Qualifying examination will be apportioned in the ratio of 50:50.

The marks obtained in the qualifying exam will be subjected to the normalisation process as explained below: This process will be done taking into consideration only the marks of those candidates who apply pursuant to this prospectus.

The marks obtained by the students in the relevant subjects in the qualifying examination conducted by various boards or authority shall be equated with the marks obtained by the students in the same subjects in the qualifying examination conducted by the Director of HSE, Kerala, by adopting the method of normalization.

Explanation:- Under the method of normalisation, the highest mark obtained by the students of various Boards in each subject shall be equated to the highest mark obtained by the students of the Kerala Higher Secondary Examination in that subject and the relative marks obtained by other students in that subject shall be determined accordingly.

Illustration: If the highest mark secured by the student of the Kerala state HSE, in Physics is 100 and the highest mark secured by a student of any other Board in the same subject is 90, both the highest marks will be considered to be equal to 100. If a student of the other board secures 60 marks in Physics when the highest mark in Physics in the same board is 90, the 60 marks will be considered to be equal to 66.66 marks as arrived at below:

$$100 \times 60 / 90 = 66.66\%$$

Those candidates, who have appeared for the qualifying exam of any state other than Kerala, will be treated at par with those students who have passed the Higher Secondary Exam of this state.

Note: If the marks of the KEAM-2015 are not available to prepare a rank list of applicants as detailed above, then the rank list will be prepared based on the rank list of KEAM-2015 alone.

- 4.2 Furnishing of false information/particulars would result in the forfeiture of the candidature as well as cancellation of admission to the course if admitted and in addition, will attract the relevant provisions of criminal law of the land.
- 4.3 Data Verification: The details of all applications received including marks etc. will be published on the website of the Federation as per the schedule announced in the prospectus (clause X). Applicants are directed to verify the details and notify entry mistakes, if any, within the stipulated date. All genuine mistakes will be corrected. No further request for changes may be entertained.
- 4.4 Thereafter, merit list for the different categories will be published on the website of the Federation: www.kcpcmf.in and notice boards of the respective colleges. Selection will strictly be in the order of merit on the basis of preferential options exercised by the candidates. Allotment will be made through a single window system monitored by the Federation. Selected candidates will not be intimated by post. Therefore, they are advised to refer to the web site of the Federation / individual college notice boards and appear for the interview and final selection at the time and place notified without fail.
- 4.5 Allotment to MBBS & BDS courses will be separate and independent.
- 4.6 There will not be any reservation for SC/ST, OBC candidates. But since they are eligible for relaxation of marks in KEAM-2015 for the purpose of eligibility, they should produce their community certificate from revenue authorities to claim the said relaxation.
