From the Chancellor's Office

Hon'ble Dr. Patangrao Kadam

M.A. L.L.B., Ph.D.

FOUNDER - CHANCELLOR

As the Chancellor of Bharati Vidyapeeth University I extend a very warm welcome to the students who are desirous of seeking admissions in our different Constituent units.

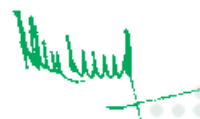

Bharati Vidyapeeth, the parent organization of this University is celebrating this year as its Golden Jubilee Year. At this moment my mind goes back over a period of five decades. Bharati Vidyapeeth initiated its academic journey with a single school. Now it is one of the premier educational institutions in the country, having under its umbrella more than 180 educational units including 80 colleges of 12 faculties. They include colleges of Medicine, Dentistry, Engineering, Pharmacy, Hotel Management and the like. There may not be any disciplines either conventional or emerging for which Bharati Vidyapeeth has not established its institution.

Within a short period of 19 years or so, Bharati Vidyapeeth University has established its academic reputation even across the national borders. Its high level of academic excellence is underscored by the fact that the Ministry of Human Resource Development, Government of India has given 'A' grade status to this University. The University's another remarkable achievement is that it has been awarded a prestigious 'A' grade by the NAAC both in its first accreditation and also in reaccreditation. An approval by the UGC under Section 12B of its Act which our University has received by another feather in the cap of the University.

We at this University are committed to make available to our students a wide spectrum of academic options to choose from.

It has also been our endeavour to provide continuously updated education in a congenial environment to our students. I am very happy that a very large number of our past students have established their reputation as Medical Practitioners, Engineers, Pharmacy Industrialists and the like not only at the national level but also at the international level. Research is a focal area of activities of our University. We have three Research Institutes as constituent units of University. They are doing remarkable work. However, our aim is to develop this University as a Research University.

I again welcome all of you and wish you a very successful academic career as students of this University.

Dr. Patangrao Kadam

Bharati Vidyapeeth Deemed University, Pune (India)

From the Desk of Vice Chancellor

Prof. Dr. Shivajirao Kadam

Vice Chancellor

Dear Students,

At the outset, let me welcome all of you who are intending to join our University.

I am extremely happy to note that you have selected our University for your further studies. All of you know that Bharati Vidyapeeth University is one of the leading Universities in the country having 'A' grade awarded by Ministry of Human Resource Development, Government of India.

It is also accredited with prestigious 'A' grade in 2004 and reaccredited with 'A' grade in 2011 by the NAAC, Bangalore. It is also significant to note that some of its constituent units have ISO 2001-2009 certification. Our University has excellent infrastructure for all its constituent Institutions such as well-structured spacious buildings, continuously updated laboratories and hostels with all necessary amenities and facilities.

Today, the horizons of knowledge are expanding exponentially. It is, therefore, a challenge to cope up with this vibrant system of higher education and Bharati Vidyapeeth University is well-equipped to impart latest training and education to its students. We are committed to provide excellent teaching, learning and research under its 12 faculties. The University continuously updates the courses of studies being taught in our constituent Institutions, keeping in view, the rapid changes and dynamism around. Our libraries are continuously updated. The University ensures not only high quality training, education in the respective areas of knowledge to the students, but also places emphasis on all-round development of the students. Abundant opportunities are also provided for co-curricular and extracurricular activities on the campus. In the discharge of its social obligations, the University is, no doubt, committed to see that the students graduating from this University are well-trained and well-prepared for jobs and become responsible citizens of the country.

The track record of the achievements of the University is indeed commendable. It is a matter of pride for us that scores of our students have achieved successes in their respective fields and established themselves in different spheres of life. We are aware that the success of any University largely depends on the number of successful students, it produces for the service of the society and the nation.

We, therefore, take every care for your bright future career and help you to translate your dreams into reality.

Once again, I take this opportunity to welcome all of you to the family of Bharati Vidyapeeth University and wish you success in your life.

Prof. Dr. Shivajirao Kadam

Eligibility Criteria to Appear for DENPET-2016

- i) The candidate must be an Indian National.
- ii) Foreign / NRI / OCI / PIO candidates seeking admission to the PG programmes will have to obtain registration from the Dental Council of India. Any candidate who has obtained BDS Degree from any recognised Dental College in India Under Foreign / NRI / OCI / PIO Category will not be considered under regular category for Post Graduate Course even if he possesses recognised BDS degree from an Indian University.
- iii) The Candidate must have passed B.D.S. examination from a Dental College recognized by Dental Council of India.
- iv) The candidate must have completed one year compulsory rotating internship on or before 31-03-2016. He / She will have to produce a certificate of completion of internship before joining the course.
- v) The candidate should possess a permanent registration with any State Dental Council or Dental Council of India. If the registration certificate is not submitted within one month after admission to the postgraduate course, admission to course will be cancelled.
- vi) For Admission to Post Graduate Dental Courses the candidate must secure minimum 50 percent marks and candidate belonging to SC/ST category minimum 40 percent marks in the DENPET 2016.
- vii) If a candidate does not fulfill any or all the above requirements or fails to pay the fees at the time of counselling, he/she will not be considered eligible for admission irrespective of his appearing for DENPET 2016 examination and securing a rank in the merit list.
- viii) Foreign / NRI / PIO/OCI candidates seeking admission for the Post Graduate Programme in the institution must procure temporary registration by Dental Council of India for the duration of the Postgraduate training restricted to the Dental College to which he/she is admitted.
- ix) Candidates who have passed Post Graduate Diploma course recognised by the DCI, of the duration of 2 years in particular speciality will be eligible for admission in MDS in the same speciality and the duration of his/her MDS course will be 2 years.

Bharati Vidyapeeth Deemed University, Pune

Bharati Vidyapeeth, the parent organization of this University is one of the largest educational organizations in the country. It has 171 educational units under its umbrella including 67 Colleges and Institutes of conventional and professional education.

Subsequently, 17 additional colleges / institutes were brought within the ambit of Bharati Vidyapeeth Deemed University wide various notifications of the Government of India. Bharati Vidyapeeth Deemed University commenced its functioning on 26th April, 1996.

Constituent Units of Bharati Vidyapeeth Deemed University

1. BVDU Medical College, Pune.
2. BVDU Dental College & Hospital, Pune
3. BVDU College of Ayurved, Pune
4. BVDU Homoeopathic Medical College, Pune
5. BVDU College of Nursing, Pune
6. BVDU Yashwantrao Mohite College of Arts, Science & Commerce, Pune.
7. BVDU New Law College, Pune
8. BVDU Social Sciences Centre (M.S.W.), Pune
9. BVDU Yashwantrao Chavan Institute of Social Science Studies & Research, Pune.
10. BVDU Centre for Research & Development in Pharmaceutical Sciences & Applied Chemistry, Pune
11. BVDU College of Physical Education, Pune.
12. BVDU Institute of Environment Education & Research, Pune
13. BVDU Institute of Management & Entrepreneurship Development, Pune
14. BVDU Poona College of Pharmacy, Pune
15. BVDU College of Engineering, Pune
16. BVDU Interactive Research School in Health Affairs (IRSHA), Pune
17. BVDU Rajiv Gandhi Institute of Information Technology & Biotechnology, Pune
18. BVDU College of Architecture, Pune
19. BVDU Abhijit Kadam Institute of Management & Social Sciences, Solapur
20. BVDU Institute of Management, Kolhapur
21. BVDU Institute of Management & Rural Development administration, Sangli
22. BVDU Institute of Management & Research, New Delhi
23. BVDU Institute of Hotel Management & Catering Technology, Pune
24. BVDU Yashwantrao Mohite Institute of Management, Malakapur-Karad
25. BVDU Medical College & Hospital, Sangli
26. BVDU Dental College & Hospital, Mumbai
27. BVDU Dental College & Hospital, Sangli
28. BVDU College of Nursing, Sangli
29. BVDU College of Nursing, Navi Mumbai

The status of University was given to the cluster of these Colleges and Institutes in appreciation of the high level of their academic excellence and for their potential for further growth.

During the last 20 years or so, the University has achieved still higher pinnacles of academic excellence and has established its reputation to such an extent that it attracts students not only from various parts of India but also from abroad. According to a survey conducted by Association of Indian Universities, this University is one among the top ten Universities in the country preferred by the overseas students for admissions. At present, there are more than 750 overseas students from 47 countries on the rolls of constituent units of this University.

During the last 20 years, there has been tremendous academic expansion of the University. It now conducts in all 305 courses in its constituent units, of them 108 are Post Graduate, 45 are Under Graduate and 55 Diploma level courses. 12 Fellowship and Certificate Courses 05. All the professional courses which the University conducts such as those of Medicine, Dentistry, Engineering etc., have approval of the respective Statutory Councils, viz., Medical Council of India, Dental Council of India, All India Council for Technical Education etc.

The University is a throbbing center of research activities and has launched Ph.D. programmes in 77 subjects & M-Phil in 3 Subjects. It has also introduced quite few innovative academic programmes such as Masters in Clinical Optometry, M.Tech. in Nanotechnology.

The University's performance and achievements were assessed by the "National Assessment and Accreditation Council" and it was accredited with a prestigious "A" grade in 2004. Quite a few programmes of the constituent units such as College of Engineering at Pune, Management Institute in Delhi and others have also been accredited by "National Board of Accreditation". Three constituent units of Bharati Vidyapeeth Deemed University are also the recipients of ISO 9001-2001 certifications.

Distinct Features of this University :

The University

- The University has been awarded "A" Grade by Ministry of Human Resources Govt. of India.
- Is one of the largest Universities in terms of Constituent Units established u/s. 3 of the UGC Act, 1956.
- Is a multi-faculty University with Twelve Faculties :
(1) Arts, Social Sciences and Commerce, (2) Science, (3) Law, (4) Medical Sciences, (5) Dentistry, (6) Ayurveda, (7) Homoeopathy, (8) Nursing, (9) Pharmaceutical Sciences, (10) Management Studies (11) Engineering and Technology, (12) Interdisciplinary Studies
- Offers a wide range of academic programmes to the students. The number of Undergraduate, Postgraduate, and Diploma Programmes are 44, 104, 37 respectively.
- Accredited by the NAAC with prestigious 'A' grade (2004) and reaccredited with 'A' grade(2011).
- Is according to a survey conducted by the Association of Indian Universities, New Delhi, among the top ten universities and preferred by the overseas students for admissions. During the year 2009-10 there are 800 overseas students from 32 countries enrolled with constituent units.
- Has eight campuses located in different cities including New Delhi.
- Is probably the only University having three self-financing research institutes devoted exclusively for researches in health related sciences, pharmaceutical sciences and social sciences.
- Has established a separate Sports Department to promote sports activities.
- Has established a Centre for Performing Arts, which runs graduate programmes in various performing arts including dance, drama, music.
- Three Constituent Units of the University are assessed by the National Board of Accreditation and are accredited with prestigious grades.
- Its three Constituent Units have also obtained ISO 2001-2009 certification.
- Has organized several international and national level Seminars, Conferences, etc.
- Is a University which academically and intellectually very productive whose faculty members have very laudable record of research publications and patents.
- Has digitalized libraries of its constituent units.
- Has created excellent infrastructure for all its constituent units, including well structured specious buildings continuously updated laboratories and libraries and hostels with all the necessary amenities and facilities for both boys and girls.
- Has built a specialized research institute accommodating 18 laboratories for the researches in pharmaceutical sciences.
- Has launched laudable outreach programmes through NSS units.
- Is proud of its Institute of Environment Science and Research Education, which has been identified as a nodal agency by the Government of India for its programmes of biodiversity and environmental products. It has adopted several primary schools with a view to create environmental consciousness among their students.
- Has established Women's Creativity Development Centre to undertake researches regarding women, particularly, those of disadvantage groups and to promote creativity among them.

Our Campuses

Bharati Vidyapeeth Deemed University has campuses in Pune, Mumbai, Solapur, Kolhapur, Sangli, Karad and New Delhi, the capital city of India. It's three Dental Colleges are located in Pune, Navi Mumbai and Sangli.

Dental College & Hospital, Pune

Our Dental College was established in 1989 to fulfill aspirations of students from the region to obtain professional education. This was the first such private initiative in the state of Maharashtra. In 1993, the Dental Council of India recognized the B.D.S. degree of our dental college. Since then we have made great strides in terms of faculty, infrastructure and academic reputation. The college is housed in a building having an area of 207000 sq.ft. including Post Graduate and Research wing. All our graduates have made a name for themselves in practice, employment and higher studies; in India as well as abroad. We are very proud and honoured to share this information that the current year is being celebrated as Silver Jubilee Year of Dental College. It is indeed an important milestone in journey of Dental College.

Recognition of this was the 'Deemed University' status granted to us in 1996. In our pursuit to further raise standards of education and research, the year 2002 saw us start postgraduate courses. The Government of India, on recommendation from the Dental Council of India recognized the MDS course in eight specialities. At present our total intake capacity is 42. We also offer the Ph.D. courses in Prosthodontics and Crown and Bridge, Periodontology, Oral and Maxillofacial Surgery, Orthodontics and Dentofacial Orthopedics, Oral Pathology and Microbiology, Conservative Dentistry and Endodontics, Oral Medicine and Radiology and Paedodontics and Preventive Dentistry.

We not only aim to make a competent specialist, but also to inculcate strong ethical values, an analytical attitude and skills for self-learning. The faculty and infrastructure have been strengthened to ensure achievement of these objectives. Many of our faculty members have earned repute at national and international level- in academics, research and practice. Our institute organizes National / International seminars, conferences & workshops at our premises for the professional betterment of students & staff.

We have provided ample space, and equipped our clinics and laboratories with modern equipment and materials. Our own operation theatre (besides full access to the advanced OT Complex of 870-bed Bharati Hospital), titanium casting equipment, ceramic fabrication systems, laser equipment, dental implant system, research microscopes and digital imaging systems are but a few examples. Besides speciality training, as a postgraduate student, you can look forward to training in basic medical and dental sciences, Research Methodology, Biostatistics, Evidence-based methods, Computer applications and presentation skills. You will also get training in multi-speciality and multi-system management of patients.

Regular continuing education programmes- to keep the students and faculty abreast with the latest knowledge, materials and techniques- is a hallmark of our course plan. Excellent hospital and diagnostic facilities, an extensive collection of resources in the library, and teaching-learning aids and material in every department form the backbone of postgraduate training programme. A transparent and continuous system of monitoring and evaluation is an important component of the programme. A large number of patients with varied pathology, that our postgraduate students get to manage, shall give them the confidence required for independent speciality practice.

Our Departments :

1) Oral Medicine and Radiology

The department deals with the outpatients and guides them to the respective departments for the treatments. The main function is oral and maxillofacial evaluation of individuals/ patients of various age groups with oral conditions. Also the evaluation and diagnosis of oral manifestations such as ulcers, growths, precancerous conditions, oral malignancies, neurological pains, jaw fractures, developmental anomalies etc are done in the department. Non surgical management of oral precancerous lesions and precancerous conditions, TMJ disorders and salivary gland disorders etc are effectively managed. The department also attends to making radiographs of various kinds, including all intraoral and extraoral radiographs, as well as advanced radiographic techniques such as orthopantomogram and cephalogram etc.

The department now boasts of advanced radiographic techniques and the incorporation of computers and three radiographic machines along with an OPG machine with a cephalometry attachment, general body radiography unit, digital radiography system, CR system etc. The follow up of cases is done routinely by the department with constant motivation and education, which helps in maintenance of records as it is an important factor for any institution, and it further helps for epidemiological studies also.

Since the beginning, the number of outpatients has been constantly increasing and now there are almost 15000-20000 patients per month reporting for dental care with varied pathologies. These numbers reflect the successful functioning of the college as well as the amount of patient satisfaction.

The department, in collaboration with the Department of Public Health Dentistry, runs a tobacco intervention initiative (TII) Center for the benefit of the patients.

2) Department of Oral and Maxillofacial Surgery

The department of Oral and Maxillofacial Surgery forms an important component of the dental hospital as the procedures carried out in this department include exodontia, minor surgeries, biopsies, and advanced surgeries including orthognathic surgeries, management of cysts and tumors surgically, oral malignancies and dental implants, fracture reduction and advanced procedures like management of cleft lip and cleft palate.

Emergency casualty team is present in the casualty section at Bharati Hospital on a regular basis. The trauma center of this department caters to the emergencies of accident cases where transfer of patients from the ambulances to the operation theater is done smoothly and swiftly from the casualty entrance to the operation theatre via specially designed ramp.

With the aim of providing treatment to indoor patients, the department of Oral and Maxillofacial Surgery has also developed a fully functional state of the art operation theatre complex equipped with surgical and adjunctive gadgets. These include surgical light systems, cardiac monitors, pulse oxymeters, cautery systems etc. The patients being operated in the above mentioned complex are also provided with recovery rooms following their surgical procedures with constant monitoring. Further hospitalization needs are well taken care of in our spaciouly designed wards in Bharati Hospital. A special provision is also been made for hospitalization of patients being treated for major surgeries as well as those requiring special attention. The facilities available at Bharati Hospital including intensive care units, blood transfusion, and neonatal care are also utilized by the department as per requirement.

The full spectrum of cases with maxillofacial diseases is treated at our state of the art hospital, including microvascular surgical reconstruction, distraction osteogenesis and complex cranio-facial surgeries.

3) Department Of Paedodontics and Preventive Dentistry

The department deals with the child patients and concomitantly preventive dentistry. It also incorporates the management of difficult children, the physically and mentally challenged ones in addition to the medically compromised children.

The new building provided us an adequate space to have exclusive sections for the post-graduate and undergraduate clinics, in addition it also gave scope for separate isolation room, conscious sedation room, sterilization room and spacious toy room. Additional dental chairs were installed in view of the expansive functioning of the department. The department hosts advanced equipments comprising of RVG, Conscious sedation unit and intra oral camera etc.

Further the department thrives on an excellent work force in collaboration with Public Health Dentistry department. This department constantly engages in conduction of school dental awareness programs in the form of dental checkups camps, lectures etc. We take pride to say that the department is associated with Young India and Rotary Club for conduction of camps and treatment of children from various schools and orphanages by providing to and fro transport for the same.

4) Conservative Dentistry and Endodontics

The provision of various treatment procedures begin with training to the students on simulators. The department has a huge phantom head laboratory with simulators and complete assembly for appropriate training concerned with different treatment modalities.

The treatment modalities rendered in the department include restorative procedures for carious teeth and other defects of the teeth like fracture, erosion, abrasion, etc. Various aesthetic treatments like diastema closure, veneers, smile design, tooth whitening etc are rendered to the patients at subsidized rates. The department improves the smile of the patients that helps to enhance the confidence and self esteem of the patients who are conscious about their oral health and appearance.

Endodontic treatment is rendered in teeth having pulpal diseases. Every attempt is made to save the badly mutilated teeth, irrespective of the age of the patient bringing the teeth back to normal function and aesthetics.

Some cases require advanced treatment procedures like complicated RCT's, hemisection, radisection, apicectomy, splinting, conservative bridges, indirect aesthetic restorations like porcelain/ composite inlays and onlays, veneers, endodontic surgery. Excellent provision for all these procedures is available.

The department has all advanced gadgets like endosonics, operating microscope, composite furnace, and physiodispenser, various obturating systems like thermafil, guttaflow and advanced digital radiography like RVG. The department has well equipped isolated operator for surgical endodontic procedures as well as well equipped ceramic laboratory and casting laboratory.

5) Orthodontics and Dentofacial Orthopedics

The department has now come to be known as one of the best in the country. The PG clinic contains individual working cubicles for every operative clinician. Each cubical is well equipped with respect to armamentarium and cabinetry. The entire clinic is air-conditioned with central music system. A separate area of sterilization has been demarcated to keep up with changing paradigms of sterilization. There is a separate area for counseling of patients and parents and discussing the treatment plans.

The department of Orthodontics organized the 12th IOS and 1st SAARC PG convention in November 2007. The convention was well attended with over 800 delegates from India and abroad. Well known speakers from India and abroad delivered guest lectures and organized hands on courses, which were beneficial for understanding recent trends in orthodontic treatment procedures which help in better management of patients.

With the aim of providing prompt and state of art treatment to patients, the department of orthodontics has a fully functional laboratory with Acryliser, Hydraulic Bench Press, and Biostar etc. Other advanced equipment includes a state of art sand blasting unit, dentaurum welders and physiodispenser.

6) Prosthodontics and Crown and Bridge

The department of prosthodontics caters to the clinical services to various patients, majority of them are elderly. In this department there is fabrication of complete dentures, cast partials, and crown and bridge prosthesis are undertaken, and the advanced procedures done in the department are maxillofacial prosthesis, obturators, immediate dentures, dental implants and titanium castings. A fully equipped laboratory with ultra modern attachments like air rotor, micro motor, three way syringes are provided for students (postgraduate/undergraduate) to perform the preclinical exercises on phantom heads making exact replica of patients in the absence of patients. This gives the students an expertise and confidence when actually working on patients.

There is provision for the fabrication of the prosthetic appliances and restorations in the laboratory which is well equipped with all the facilities, for casting and the ceramic work.

7) Periodontology

The department of Periodontology has three specious sections viz. undergraduate clinic, post graduate clinic and surgical section. This makes us possible to work more efficiently and also treat more number of patients at one time. The goal of department is, to pass on knowledge and skills beyond examination system which will result in imparting education to the masses and bringing the social change, to help humanity wherein the downtrodden people of low socio-economic status and the under privileged are considered. The department has well qualified, experienced and dedicated faculty members with vast knowledge of the subject.

The department is fully equipped with latest surgical equipment as well as diagnostic facilities which help in rendering accurate diagnosis and subsequent correct treatment to the patients. The department is well equipped with modern dental equipment like Lasers, ultrasonic scalers, electro-cautery, light cure units, iontophoresis unit and also bone grafting materials and GTR.

The basic treatment modalities rendered in the department are oral prophylaxis, scaling and root planning, splinting, local drug delivery, periodontal flap surgeries, gingivectomy and advanced surgical procedures like periodontal plastic surgeries, regenerative procedures, implants, and sinus lift procedures. Separate surgical operatory with required facilities is available in the post graduate section so as to fulfill the needs of the patients being attended.

8) Oral Pathology and Microbiology

The department comprises a basic field of knowledge to be correlated with clinical application. The emphasis is to provide pertinent biological information, which can serve the dental student as fundamental source of clinical knowledge. Since basic science forms the basis of all clinical sciences, an accurate update of basic physiology becomes part and parcel of good dental education.

The students develop carving skills of different teeth in the dental anatomy laboratory. With the help of models, charts, able guidance and demonstration from the staff, perfectionism and precision are sought after. It is here that knowledge of various structures- both at gross and at cellular level –in health and diseases is imparted. The department has separate post graduate clinic and histopathology and hematology laboratory. The histopathology laboratory is equipped with a set up for basic investigative pathology that includes- aspiration biopsies, tissue biopsies, exfoliative cytology, differential staining, microbial staining etc. The laboratory has state of the art PentaHead Microscope where five students can learn at the same time from the instructor.

Different cases of mucosal lesions, soft and hard tissue swellings, and oral manifestation of systemic diseases, oral infection, white lesions, oral premalignancies and malignancies are reviewed; confirmed diagnosis is given and referred for further course of treatment. A multidisciplinary approach is applied with the department of oral diagnosis and oral and maxillofacial surgery for the ultimate betterment of patient.

9) Public Health Dentistry

The department Forms the back bone of the dental College as it takes Care of the dental awareness and education cum motivation by extending its arms across the public as it creates a social awareness and also harnesses the need for maintenance of oral health for overall health of the individual as well as entire community. The routine procedures taken up by the department are organization of the dental awareness camps, education posters display for dental /oral hygiene maintenance etc. Special care is taken in case of the tobacco users. These patients are guided and motivated to quit habits and they are educated regarding the harmful as well as life threatening aspects of usage of tobacco. The department also celebrates important days in the calendar year such as Anti –tobacco day, Doctors day and AIDS day, to name a few. Apart from these, the department also thrives constantly on conducting dental camps regularly for benefit of the society. Most of the patients reported from the camps are treated free of cost or at subsidized rates.

To enrich the all-round education, we support extension activities like NSS(blood donation camps, tree plantation etc), Continuing dental education programme and dental camps. Value based education including Yoga and Meditation Programme are given prime importance for all over personality development. We also have strong student support system which includes Teacher-Ward System, Parent-Teacher meets, Alumni Association, etc. For meticulous functioning of this system, various committees like Students grievance committee, students welfare committee, cultural and sports committee are constantly working enthusiastically. Join us and realize your dreams. We shall make your dream come true at Bharati Vidyapeeth University Dental College and Hospital, Pune.

Dental College & Hospital, Navi Mumbai

Bharati Vidyapeeth Deemed University Dental College & Hospital, Navi Mumbai is established in 2005. Total area of College & Hospital is spread over 5.5 areas. It includes spacious, well aerated building for undergraduate & proposed postgraduate courses with all necessary facilities and ambiance.

The basic departments concerned with medical subjects and their laboratories are created within the premises. The well-equipped clinical laboratories, clinical sections and associated working areas are specially designed taking into consideration the individual departments, created in a especially designed building spread over ground plus five floors with the total area of 1,50,692.50 s.f. In addition to this, the college is having separate boys & girl's hostels, staff quarters within the campus. All the rooms are fully furnished. Dining and recreation facilities are available within the premises.

Equipments:

Bharati Vidyapeeth Deemed University Dental College and Hospital, Navi Mumbai is fully equipped with all the modern high tech equipments that are required for both the undergraduate and post graduate courses as prescribed by the Dental council of India. All the equipments and instruments including the consumable materials are freely available to each and every student for use during the academic study.

Library:

The College is having a Spacious Central Library admeasuring about 6663 sq. feet with more than 4500 books, national & International journals. It includes two big reading halls, reference section, journal section and storage. It also has Photocopying, Internet, e-library facility for the benefit of students. In addition to the central library facility, each Department has its own departmental library for quick and ready reference.

Continuing Dental Education Activity:

Bharati Vidyapeeth Deemed University Dental College and Hospital, Navi Mumbai is continuously conducting scientific programs by inviting various experts to guide the students and staff to promote research in various fields of dentistry. Our senior staffs are constantly motivated for the same.

Dental Camps:

Bharati Vidyapeeth Deemed University Dental College and Hospital is routinely conducting Dental Camps at nearby areas for the benefit of poor population. This helps us to increase the patient material for the students for clinical practice. In addition to this treatment camps are also organized where the full fledged Mobile Dental Van is used to carry Dental treatments at rural areas.

Our Departments :

Orthodontics & Dentofacial Orthopedics

The department has been proactive in organizing frequent CDE programs so as to update academic and clinical skills of students and faculty. To keep up with recent and changing trends in orthodontics the department is updated with modern equipment like Biostar, Hydrosolder and Microsand blaster & we offer many esthetic orthodontic treatment modalities like Lingual Orthodontics and Clear Aligners. The department has to its credit an elite faculty which has a number of national and international credentials in the form of presentations, publications and posters.

Pedodontics & Preventive Dentistry

The department has to its credit highly knowledgeable, skilled and student friendly staff. The department aims to provide quality teaching to students and promote research. Department constantly conducts school oral health check up camps and provide a free dental treatment for the same.

The state of art infrastructure provides exclusive post graduate and under graduate sections in addition to separate play area, X-Ray room, Minor O.T., modernized seminar room and fully updated library section.

The department now boast of specialized equipments like Conscious sedation unit, RVG (Pediatric sensor), pulse oximeter, electric pulp tester, apex locators, advanced endodontic equipments, ultrasonic cleaners, U. V. cabinet, automatic X ray processor, Intraoral camera and pressure molding machine. Along with special left handed units for left handed operators and ample pediatric dental chair units.

The department provides oral health care modalities ranging from restorations, pulpal therapy, stainless steel crowns, space maintainers to minor surgeries and complete oral rehabilitation.

Conservative Dentistry & Endodontics

The Dept. boasts of a large number of patients in the OPD as well as advanced equipment. There is a well equipped pre clinical laboratory with ample phantom head units. The aim and object of dept. is to produce post graduates with high moral integrity, ethics, clinical skill as well as sound research acumen.

The treatment modalities offered in the department include various restorative and Endodontic procedures. Restorative procedures like composite restoration, silver amalgam, glass ionomer restoration are done to restore carious teeth. Various aesthetic treatments like diastema closure, laminates, veneers, smile design, tooth whitening, etc. are rendered to patients at subsidized rates. Advanced endodontic procedures like complicated root canal treatments, hemisection, radisection, peri radicular surgery, apicectomy, indirect aesthetic restorations like porcelain/ composite inlays and onlays that require expertise are also offered by the department.

The department has all the advanced gadgets like endosonics, operating microscope, composite furnace, physiodispensor and various obturating systems like thermafil, guttaflow and advanced digital radiography like RVG. The Department has well equipped isolated operator for surgical and microsurgical endodontic procedures as well as equipped ceramic laboratory and casting laboratory.

Periodontology

The department has to its credit highly knowledgeable and skilled staff that is well versed with latest treatment modalities. The department of Periodontics is made up of two sections, an undergraduate section and a post graduate section. The department also has a special surgery section where advanced surgical procedures are carried out. A well spaced out layout ensures smooth functioning of the department.

The department is well equipped with basic and advanced armamentarium. This includes piezosurgery, ultrasonic scales, laser, physiodispensor, electrocautery and RVG. The various treatment modalities include scaling, root planning, flap surgery, bone grafting, mucogingival surgeries, GTR and special procedures related to implant surgery.

The department also puts special emphasis on patient education and motivation for improvement of community oral health. Department is active in conducting and attending CDE programmes and motivates the students to do the same.

Prosthodontics and Crown & Bridge

This department has got 4 spacious sections, viz. U.G. clinic, PG clinic, 2 preclinical laboratories with state of the art equipment & armamentarium including well equipped dental chairs, phantom heads, and implant operator.

All this contributes to better exposure and learning clinical skills for both undergraduates and postgraduate students.

Dental Camps:

Bharati Vidyapeeth Deemed University Dental College and Hospital is routinely conducting Dental Camps at rural areas for the benefit of poor population. This helps us to serve the community as well as helps us to increase the patient material for the students for clinical practice. In addition to this treatment camps are also organized where the full fledged Mobile Dental Van is used to carry Dental treatments at rural areas.

Dental College & Hospital, Sangli

Bharati Vidyapeeth University Dental College and Hospital, Sangli was established in 2006 on the sprawling educational complex at Wanlesswadi, Sangli, with a vision to bring out graduates and post graduates who excel in knowledge and skill to serve the community. Sangli is famous as 'Turmeric City' of Maharashtra, which is situated approx 230km from Pune and 50km from Kolhapur. College has started with the permission from Dental Council of India and is recognized by Dental Council of India in 2012. This institute has been awarded a prestigious 'A' grade by the NAAC.

It is a functionally well planned college, with hospital building of 1, 99,000 sq. ft with excellent infrastructure facilities, equipments, instruments and furniture with WiFi facilities. Ragging is strictly prohibited in the campus. The college has well qualified and experienced teaching staff who is dedicated to patient care and teaching.

Presently, our institute prides itself in rendering masters in 5 branches of dentistry which are approved by Dental Council of India. The hospital has an OPD of about 230 patients everyday to provide clinical experience to the students. State of art facilities and staff members of the college are providing excellent education to the students and will groom them to be competent dentists.

Courses offered - B.D.S

-M.D.S i) Oral Surgery ii) Pedodontics iii) Conservative dentistry iv) Orthodontics v) Prosthodontics

The Bharati Vidyapeeth Educational Campus at Sangli has a Medical college and Hospital and Nursing College. Bharati Hospital is 750 bedded with 10 operation theatres and separate ICU with excellent infrastructure, well equipped laboratories, facilities for MRI, CT scan, Blood bank etc.

College library occupies a total of 8700 sq. ft area. A good collection of print material is available, which includes books, magazines, periodicals and scientific journals. New books/ journals are acquired

regularly and a constant update of databases is done. It has a capacity of housing 350 students at a time. There is a separate internet section with 10 computers. The college library provides 3995 books, 85 National and International journals and online journals.

Our college campus has separate hostel facilities for boys and girls. Each room has sufficient space and has an attached bath cum toilet. The rooms are fully furnished and can accommodate two students each. Clean, hygienic and quality food is available at subsidized rates in the mess of all the hostels. Canteens/ fast food outlets serve snacks and refreshment to the students.

Our Departments:

1) Department of Oral and Maxillofacial Surgery.

Oral and Maxillofacial Surgery is an important branch of dentistry which deals with a variety of surgical procedures related to Oral and Maxillofacial region. The treatment rendered in this department includes minor oral surgical procedures such as exodontia, impaction surgeries and apicectomies, as well as advanced surgical procedures like maxillofacial trauma surgeries, orthognathic surgeries, surgical management of space infections, etc.

The Post Graduate academic programme is aimed to impart advanced surgical skills necessary for minor as well as major surgeries related to oral and maxillofacial region. The programme includes seminars, journal clubs, case discussions and presentations. The Post Graduate students will undergo postings in other allied specialties like Oncosurgery, Plastic Surgery etc. The department is fully equipped with the latest surgical instruments, Undergraduate clinic, minor OT, recovery room, Post Graduate seminar room and an independent Post Graduate wing, where the students learn and practice minor Oral and Maxillofacial surgical procedures.

In association with Bharati Hospital, a 24 hours emergency casualty service is provided for all maxillofacial trauma and emergency cases. The hospital is well equipped with higher end facilities like ventilators , CT, USG, blood bank etc.

2) Department Of Paedodontics and Preventive Dentistry

The Department of Pedodontics and Preventive Dentistry deals with children and adolescents and their concomitant preventive dental care. It also incorporates the management of special children, the physically and mentally compromised children. The department has a separate isolation room, conscious sedation room, sterilization room and a spacious play area for children. Additional dental chairs are installed in view of the expansive functioning of the department which included 21 dental chairs for the under graduates and 11 dental chairs for Post Graduates. The newly built Post Graduate section provides us an adequate space to have exclusive cubicles for clinical work.

The Department has its own well equipped library which has a total of 89 titles of books worth to acquire knowledge from; along with a seminar room and a pre-clinical laboratory. Department of Pedodontics also works in collaboration with Public Health Dentistry Department for arranging dental check up camps and oral health education lectures in schools. The Department hosts advanced equipments comprising of 2 RVG units, conscious sedation unit, intra-oral camera, pressure moulding machine, rubber dam kit, pulp tester, SS crown kit & polycarbonate/strip crown kit, rotary endometer and obtura.

The Post Graduate students of the Department of Pedodontics are trained for exclusive clinical practice for children and adolescents, which includes behavior management of uncooperative children, treatment of children with special health care needs such as medically compromised patients and mentally challenged children for total oral rehabilitation, treatment under conscious sedation and general anesthesia are undertaken.

Preventive care which includes topical fluoride application, ART, PRR, Pit and fissure sealants are also performed. Various habit breaking appliances, feeding plates for new born with cleft palate anomaly, myofunctional appliances, mouthguard for prevention of traumatic injuries, space maintainers and regainers are used. All of these treatment modalities makes the PG course exclusive.

3) Conservative Dentistry and Endodontics

The Department of Conservative Dentistry and Endodontics deals with diagnosis, treatment planning and restoration of teeth to reproduce esthetics and function. It also deals with smile designing, esthetic dentistry which includes bleaching of teeth, laminates and veneers. Endodontics is a branch which deals with root canal treatment and periapical surgeries.

Our aim is to provide the quality treatment with ultra modern instruments and equipments and to educate, guide and motivate students to be good professionals with high ethical values.

The department caters around 1500-1700 patients per month with an average of 70-80 patients per day. The PG academic programme includes seminars, journal clubs, case discussions and presentations, participation in conferences, PG conventions and CDE programmes.

The department is well equipped with state of the art equipments and instruments like RVG, Endomotors, Sonic handpieces, Apex locaters, Electrocautery, Gutta flow, Gutta cut, Thermoplastisized obturation systems, Surgical endo kits, Bleaching unit, Broken instrument removal system, Handpiece sterilizers and Surgical endodontic microscope. The department is also fully equipped with metal and ceramic laboratories.

The Post Graduate students have been assigned with individual cabins and cabinets to undertake clinical work like simple restorative procedures, root canal therapy, cast restorations, esthetic fillings, tooth whitening, re-treatment cases, endodontic surgeries, etc under highly aseptic conditions.

4) Department of Orthodontics and Dentofacial Orthopedics

This department deals with the treatment of malaligned teeth like crowding, spacing, proclination, deep bite and patients requiring orthognathic surgeries and cleft lip and palate repair.

The department library is well stocked with interesting collection of Orthodontic text books (66), also national and international journals. The department today stands proudly with 18 fully automated dental chairs and required laboratory equipments for Undergraduates.

The Post Graduate clinic contains 11 spacious individual working cubicles for every Post Graduate student with cabinetry. The clinic also houses well equipped laboratory with biostar machine. The department has a separate sterilization room for utmost care of the patients.

The department is computerized with latest 2D dolphin software and a photography room for efficient records, diagnosis and treatment planning.

The department also houses a separate room for counseling and discussion of treatment plan with patients and parents.

The Post Graduates are trained to develop skills and knowledge in the specialty of Orthodontics and rendering them the ability to persue further apprenticeship towards advanced orthodontics with just one purpose- "QUALITY PATIENT CARE"

5) Department of Prosthodontics and Crown & Bridge

The Department of Prosthodontics deals with the diagnosis, treatment planning, rehabilitation and maintenance of the oral function, comfort, appearance and health of patients with clinical conditions associated with missing or deficient teeth and/ or oral and maxillofacial tissues using biocompatible substitutes.

The Department of Prosthodontics caters to the needs of wide range of patients ranging from conventional complete dentures, cast partial and fixed partial dentures to challenging cases like full mouth rehabilitation, maxillofacial prosthesis, implant surgeries, temporomandibular joint disorders, smile designing.

The Department comprises of the Undergraduate and Post Graduate sections. The Undergraduate section measuring 10,000 sq. ft. area is well equipped with 34 dental chairs in clinical section and a separate preclinical section, phantom head laboratory and an acrylic section. Post Graduate section measuring 8,000 sq.ft. is well equipped 11 dental chairs, seminar hall with audiovisual aids, implant sections (2 well equipped chairs and different implant kits), separate labs for acrylic, ceramic, metal and plaster work.

The Department of Prosthodontics has a well qualified, efficient and experienced teaching staff and about 50 Out Patients are treated here on a daily basis.

The Department has a well equipped laboratory section with equipments like induction casting machine, pressable ceramic furnace, ceramic layering kit, composite curing unit, kit to fabricate maxillofacial prosthesis etc.

Introduction

The University will conduct combined Entrance Test (DENPET-2016) for admission to Dental College & Hospital, Pune, Dental College & Hospital, Navi Mumbai and Dental College and Hospital, Sangli for MDS Course of three years duration.

The Government of India in concurrence with the Dental Council of India has permitted Bharati Vidyapeeth Deemed University Dental Colleges to conduct the post graduate courses in the following subjects.

Post Graduate Courses : At Bharati Vidyapeeth Deemed University Dental College & Hospital, Pune

The courses & seat distribution is as follows :

Sr. No.	Subjects	Regular Merit Seats	Management Merit Seats
1.	M.D.S. (Prosthodontics and Crown & Bridge)	03	03
2.	M.D.S. (Periodontology)	03	03
3.	M.D.S. (Oral & Maxillofacial Surgery)	03	03
4.	M.D.S. (Orthodontics & Dentofacial Orthopaedics)	03	03
5.	M.D.S. (Oral Pathology & Microbiology)	02	01
6.	M.D.S. (Conservative Dentistry and Endodontics)	03	03
7.	M.D.S. (Oral Medicine & Radiology)	01	02
8.	M.D.S. (Paedodontics & Preventive Dentistry)	03	03

Post Graduate Courses : At Bharati Vidyapeeth Deemed University Dental College & Hospital, Navi Mumbai

The Courses & Seat Distribution is as follows:

Sr. No.	Subjects	Regular Merit Seats	Management Merit Seats
1.	M.D.S. (Prosthodontics and Crown & Bridge)	01	02
2.	M.D.S. (Periodontology)	02	01
3.	M.D.S. (Orthodontics & Dentofacial Orthopaedics)	01	02
4.	M.D.S. (Paedodontics & Preventive Dentistry)	02	01
5.	M.D.S. (Conservative Dentistry and Endodontics)	02	01

Post Graduate Courses : At Bharati Vidyapeeth Deemed University Dental College & Hospital, Sangli

The Courses & Seat Distribution is as follows:

Sr. No.	Subjects	Regular Merit Seats	Management Merit Seats
1.	M.D.S. (Prosthodontics and Crown & Bridge)	02	01
2.	M.D.S. (Oral & Maxillofacial Surgery)	01	02
3.	M.D.S. (Conservative Dentistry & Endodontics)	02	01
4.	M.D.S. (Orthodontics & Dentofacial Orthopedics)	01	02
5.	M.D.S. (Paedodontics & Preventive Dentistry)	02	01

The duration of MDS course will be of 3 academic years on full time basis.

Management Merit Seats :

Out of the seats sanctioned by the Dental Council of India, for the PG programmes to these Colleges, fifty percent of seats are reserved as Managements Merit Seats. The candidates seeking admissions to these courses for the seats of this category need to purchase the DENPET-2016 Brochure of the University and will also have to apply separately on a prescribed application form. You will have to appear for DENPET 2016 along with regular students. The completed form should be submitted to the Registrar, Bharati Vidyapeeth Deemed University, Pune. The last date for the submission of application form for the students seeking admissions on the seats of this category is **27th November 2015**

Admission Procedure

1. The admissions to M.D.S. Course to the Bharati Vidyapeeth University Dental College will be made on the basis of merit obtained by the candidate in dental postgraduate entrance test i.e. DENPET-2016.
2. Eligibility for subsequent admission : The candidate should secure at least 50% marks in DENPET-2016. The candidate belonging to SC / ST should secure at least 40% marks in DENPET-2016, in addition to the eligibility criteria mentioned on page 6.

In case of candidates having equal marks in DENPET-2016 the following procedure shall be adopted as a tie-breaker :

- (i) First preference to the candidates on the basis of higher marks obtained in the final B.D.S. examination.
 - (ii) In case of equal marks in (1) above, preference will be decided on grand total of marks secured by the candidate at I, II, III and final B.D.S. examinations.
 - (iii) If equal, preference shall be decided on the basis of total marks secured by the candidate at the XII Std. examination in Physics, Chemistry and Biology subjects taken together.
 - (iv) If equal, preference shall be decided on the basis of total marks obtained by the candidate in the XII Std. examination.
3. In case the applicant for admission is found to have indulged in ragging in the past or if it is noticed later that he has indulged in ragging, admission may be refused or he shall be expelled from the educational institution.
 4. DENPET-2016 will be conducted at Centers in Pune, New Delhi, Navi Mumbai, Sangli, Hyderabad and Vadodara on the addresses given on Cover 3.

APPLICATION PROCEDURE

A candidate desirous of applying for DENPET-2016, is required to complete the prescribed form appended at the end of this Brochure. The same must reach Registrar, Bharati Vidyapeeth Deemed University, Bharati Vidyapeeth Bhavan, Lal Bahadur Shastri Marg, Pune 411 030 on or before the date of submission mentioned in the calendar of events. (Cover 3)

All candidates are required to enclose attested photocopies of the following documents duly attested by Principal/Gazetted Officer along with the form. (Keep the original)

- i) Statement of marks of I, II, III and final B.D.S. examinations
- ii) Certificate of completion of internship
- iii) Certificate indicating the number of attempts at final B.D.S. examination from the Head of the Institution
- iv) If the candidate is employed, he should submit 'No Objection Certificate' from the employer
- v) Declaration stating that he is not undergoing any postgraduate course at other institution
- vi) Medical fitness certificate
- vii) Statement of marks of 10 + 2 or equivalent examination
- viii) Certificate of registration with State Dental Council/Dental Council of India.
- ix) Nationality certificate
- x) Transfer Certificate
- xi) Migration certificate
- xii) Certificate from the Dean / Principal of the Dental College of the candidate stating that, college is recognised by the Dental Council of India.
- xiii) Caste Certificate.
- xiv) Caste Validity Certificate from appropriate authority.
- xv) Photo Identity Card issued by any Govt. Agency (PAN Card, Driving Liscence, Passport etc.)

SYLLABUS

The question paper of DENPET-2016 will contain 200 multiple choice questions of one correct or most appropriate choice type, out of 4 choices. The questions will be on the syllabi prescribed for the I,II,III and final B.D.S. examinations, with more weightage given to clinical subjects. Each correct answer will get 1 mark, There is no negative marking. No marks will be deducted for unanswered questions. (Please see the detailed instructions on Page No. 29 DENPET- 2016)

Instructions for completing the application form

- IA) OVERWRITING, CUTTINGS, ERASING IN ANY OF THE FORMS MAY LEAD TO REJECTION OF FORMS AND SHOULD BE AVOIDED. ANY DISCREPANCIES IN THE STATEMENT AND /OR THE SUBMISSION OF INCOMPLETE FORMS WILL LEAD TO REJECTION OF APPLICATION / CANCELLATION OF ADMISSION.
- B) Circles in the application form should be filled up by darkening the inside area fully leaving no white space within. If a circle is wrongly darkened, it should be completely erased.
- C) Squares provided in the application forms are only for writing alphabets in capitals for indicating names, address etc. or appropriate numbers. The edge of the block must not be touched by the alphabet or number.

☐ A

Correct

☐ A

Incorrect

- D) Name of the candidate: The name should be identical to that given in the B.D.S. degree certificate. Write in BLOCK LETTERS only. Leave one blank block between adjacent words. For example, shrikar mukund mate should be written as:

S	H	R	I	K	A	R		M	U	K	U	N	D		M	A	T	E
---	---	---	---	---	---	---	--	---	---	---	---	---	---	--	---	---	---	---

- E) Date of birth : When the date or month is in single digit, zero should be prefixed.

0	5		0	1		1	9	8	0
D	D		M	M		Y	Y	Y	Y

- F) Address for communication: Do not repeat your name. The telephone number should follow the STD code, with a dash or a blank box. PINCODE MUST BE INCLUDED.
- G) Photograph: A recent passport size photograph to be affixed at the appropriate place in the application form. The photograph should be firmly affixed by using gum and should not be pinned. The photograph should be attested by the Head of the Institution or by a Gazetted Officer. - I) Choose one centre only from the given choice of centres by ticking in the circle ☑
- J) The application has to be signed by the applicant.

The form complete in all respects should be sent by registered post/speed post/courier/by hand so as to reach this Deemed University not later than 5.00 p.m. on the date specified in the Calender of Events (Cover 3) at the following address:

The Registrar,
Bharati Vidyapeeth Deemed University
C.E.T. Dept., Second Floor,
Bharati Vidyapeeth Bhavan,
LBS Marg, Pune - 411 030.

DENPET-2016

INSTRUCTIONS TO CANDIDATES

CONDUCT OF THE DENPET-2016

1. The Test will be conducted at Bharati Vidyapeeth Deemed University Dental College & Hospital, Pune-Satara Road, Pune-411 043. and on the addresses of the respective centres given on Cover 3. The candidate must report at the centre at least 60 minutes before the time of commencement of examination.
2. THE EXAMINATION HALL WILL BE OPENED 30 MINUTES BEFORE THE COMMENCEMENT OF THE TEST. CANDIDATES ARE EXPECTED TO TAKE THEIR SEATS 15 MINUTES BEFORE THE COMMENCEMENT OF THE EXAMINATION. IF THE CANDIDATES DO NOT REPORT IN TIME THEY ARE LIKELY TO MISS SOME OF THE GENERAL INSTRUCTIONS TO BE ANNOUNCED IN THE EXAMINATION HALL.
3. A candidate who comes late by 30 minutes or more after the commencement of the examination will not be permitted to appear for the examination.
4. The candidate must show, on demand, the admission card for admission to the examination hall. A candidate who does not possess the admission card issued by the Bharati Vidyapeeth Deemed University, Pune will not be admitted to the examination hall under any circumstances by the Centre Superintendent.
5. A candidate will not be allowed to carry any textual material, printed or written, bits of papers or any other material except the admission card inside the examination hall. Also, candidates will not be permitted to bring calculators, slide rules, Clerk tables, electronic watches with facilities of calculators, laptop computers, personal stereo systems, walkie-talkie sets, paging devices, cell phones and any other object/device that is likely to be of unfair assistance.
6. No candidate, will be allowed to go outside the examination hall till the completion of the entire duration of examination. Once the candidate leaves the room (even if only to answer a call of nature) he/she will not be readmitted under any circumstances.
7. Candidates are advised to bring with them a card board or a clip board, on which nothing should be written, so that they have no difficulty in writing responses in the answer sheet even if the tables provided in the examination hall do not have smooth surface. They must have their own blue or black ball pens.
8. Smoking in the examination centre is strictly prohibited. Beverages or snacks of any kind are not allowed to be taken into the examination halls during examination hours.
9. Candidates shall maintain complete silence and attend to their paper only. Any conversation or gesticulation or disturbance in the examination hall shall be deemed as misbehaviour and if a candidate is found using unfair means or impersonation, his/her candidature will be cancelled and he/she will be liable to be debarred for taking examination either permanently or for a specified period according to the nature of offence.
10. During the examination time, the Invigilator will check the admission card of the candidates to satisfy himself/herself about the identity of each candidate. The invigilator will also put his/her signature in the place provided in the Answer Sheet on SIDE-1.

11. After completing the Test and before handing over the Test Booklet and the Answer Sheet to the invigilator, the candidate should check again that all the particulars required in the Test Booklet and the Answer Sheet have been correctly written. Ensure that the Roll Number is correctly written in the answer sheet.
12. A warning bell will be given at the beginning of the examination and at the half-time. A warning bell will also be given before the closing time when the candidate must stop marking the responses.

MODE OF THE TEST

13. The examination will be of 3 hours duration and will consist of one question paper of 200 marks consisting of 200 questions.
14. The test is of objective type. The candidate will be provided with a sealed Test Booklet and an Answer Sheet. The candidate will write with ball point pen the required information regarding: Name and Roll Number on the Test Booklet and on the Answer Sheet.
15. In the Test Booklet, there will be 200 questions serially numbered from 001 to 200. Each question will be followed by four responses marked (A), (B), (C) and (D). Of these four responses only one will be the correct or the most appropriate response. Each correct answer will get 1 mark. There is no negative marking. No marks will be deducted for unanswered questions.

THE ANSWER SHEET

16. A specimen copy of the Answer Sheet is given with this brochure. Candidates are advised to go through it and be conversant with the requirement of giving particulars and marking the answers so that during the examination they could do so without any difficulty, mistake or loss of time.
17. The Answer Sheet used will be of special type which will be scanned on Optical Scanner. There will be two sides of the answer sheet.

1. Side 1 - This side of the answer sheet begins with instructions for marking the responses. The following are then to be filled in with a blue or black ball point pen only, neatly and accurately:

- ▶ Name of the Candidate
- ▶ Roll Number
- ▶ Centre of Examination (city name)
- ▶ Signature of the Candidate

This side of the answer sheet also contains the following columns which are to be written/filled in with blue or black ball point pen (Please study the specimen answer sheet appended.)

- ▶ Roll Number : Write and darken (completely filling in) the appropriate boxes corresponding to Roll Number.
- ▶ Test Booklet Number : Each Test Booklet has a number. Write it at appropriate place.

2. Side-2 : This side is to be used for marking responses to questions numbered 001 to 200. After every question number, four boxes numbered (A), (B), (C) and (D) are provided.

The candidate must indicate his/her response to the question by darkening the appropriate box completely. For example :

Q. 003 Mumbai is the capital city of state of

- (A) Tamilnadu (B) Karnataka
(C) Orissa (D) Maharashtra

The correct response is (D). The candidate will locate question number in the answer sheet and darken the box (D) as shown below :

	A)	(B)	(C)	(D)
001	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
002	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
003	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>
004	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

This is the only CORRECT WAY of indicating the answer. If more than one box is darkened or if the response is marked in any other manner as shown below, it shall be treated as a wrong

	(A)	(B)	(C)	(D)
001	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
002	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>
003	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>
004	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>

Note: Please use Pencil or blue or black ball point pen only for writing/marketing particulars on Side-2 of the answer sheet.

- The candidates are advised to decide about the answer before they mark it on the answer sheet. He must ensure that the box is completely darkened with pencil or blue or black ball point pen only. A lightly or faintly darkened box will be treated as a wrong method of marking and will be rejected by the Optical Scanner.
- If the candidate does not want to attempt any question he should not touch any box given against that question.
- The candidate must ensure that the answer sheet is not folded. He should not make any stray marks on it.

CHANGING AN ANSWER

- If a candidate wants to change any answer on the answer sheet, he/she must completely erase the existing pen or pencil mark and then darken the appropriate box. Candidate must not leave any visible mark after erasing, otherwise the response will be treated as wrong.

PENS, ERASERS AND PENCILS

- The candidate must bring his own materials such as blue or black ball point pens or pencil. The candidate must also bring own erasers (of good quality). He will have to ensure that no mark is visible after erasing any response.

IMPORTANT INSTRUCTIONS FOR MARKING

23. USE PENCIL OR BLUE OR BLACK BALL POINT PEN ONLY TO DARKEN THE APPROPRIATE BOX.
24. MARK SHOULD BE DARK AND SHOULD COMPLETELY FILL THE BOX.
25. DARKEN ONLY ONE BOX FOR EACH ENTRY.
26. MAKE THE MARKS ONLY IN THE SPACE PROVIDED.

ROUGH WORK

27. Candidate will not do any rough work or writing work on the answer sheet. All rough work is to be done in the Test Booklet itself.

MERIT LIST

28. The University will prepare combined merit list of the candidates applying for the seats in Dental College & Hospital, Pune, Dental College & Hospital, Navi Mumbai and Dental College and Hospital, Sangli. Separate merit lists for Regular Merit & Management Merit Category shall be displayed at the Bharati Vidyapeeth Deemed University Dental College & Hospital, Pune-Satara Road, Pune - 411 043 and at offices of Bharati Vidyapeeth Deemed University at Pune, Navi Mumbai & New Delhi and also will be available on website at www.bvuniversity.edu.in. Reasonable number of candidates in accordance with the merit will be informed and called for counselling.

COUNSELLING AND ON-THE-SPOT-ADMISSION SESSION

1. The counselling and on-the-spot admission session will be held at the Bharati Vidyapeeth Deemed University, Dental College & Hospital, Pune-Satara Road, Pune-411 043 on the date and time communicated to the candidates as per the merit list.
2. Only the candidate and one parent/guardian will be allowed into the hall where counselling is held. The candidates will be called in the order of their merit and offered the seats available at that point in time. The candidate will be permitted to choose any of the seats available when his/her turn comes.
3. When all the seats in a given course are filled, admission of students to that course will instantaneously cease and Bharati Vidyapeeth Deemed University will not be responsible for non-availability of the seats and non-allotment to the rest of the candidates.
4. At the time of reporting for the counselling, the candidate is required to produce all the documents (original and two sets of photocopies) listed in above application procedure Page No. 26 and 27. If the candidate is admitted to any of the courses, these documents will be retained by the University till he/she completes the course. If the candidate fails to produce the documents listed in application procedure on page 26 & 27, he/she will instantaneously forfeit his claim for a seat.
5. Physical presence of the candidate at the counselling is mandatory. The choice of course made by the candidate is final and binding and will not be altered later under any circumstances.
6. If any candidate finds it impossible to be physically present for the counselling due to unavoidable circumstances, he/she may authorise any other responsible individual to represent him/her at the counselling. This representative must carry with him/her the letter of authorisation in the format given in Annexure I and all the documents listed on Page No. 26 & 27. If the candidate or his representative fails to report for the counselling on the date and the time as mentioned in counselling letter, his claim for admission to any of the courses will be forfeited. The choice of course made by the candidate / his / her representative will be final and binding and will not be ordinarily altered later.

The selected candidates from amongst those called for counselling will have to finalise the admission by payment of fees on the spot.

Failure to attend the counselling or to pay the fees on the spot and to submit all the necessary documents may result in automatic forfeiture of the claim of the candidates for the selection.

REFUND OF FEES

In case of cancellation of Admission the Refund policy will be as follows :

- (1) In the event of student withdrawing before the starting of the particular course, the entire fee collected from the student, after a deduction of the processing fee of Rs. 1,000/- (Rupees One thousand only) shall be refunded.
- (2) If a student submits his application for cancellation of admission in a prescribed form (duly completed) within 15 calendar days from the date of commencement of the particular course, 10 percent of total amount of tuition fees prescribed for the course will be deducted from the amount of tuition fee paid by him and the balance amount will be refunded.
- (3) If a student submits his application for cancellation of admission in a prescribed form (duly completed within 30 calendar days from the date of commencement of the particular course, 20 percent of the total amount of tuition fees prescribed for the course will be deducted from the amount of tuition fee paid by him and the balance amount will be refunded.
- (4) If a student submits an application for cancellation of admission after 30 calendar days from the date of commencement of the particular course, no refund will be made and Rule (5) may also be invoked. However, if the application for cancellation of admission is submitted before the last date prescribed for admission, and if the vacated seat is filled by another candidate, 25% of the amount of tuition fees prescribed for the course will be deducted from the amount of tuition fee paid and the balance amount will be refunded.
- (5) If any student admitted to any course leaves the course after the prescribed last date for admission of the particular course no refund will be made and he will be required to pay full amount of tuition fees for the remaining entire duration of the course.
