INTRODUCTION

Rehabilitation for persons with disabilities (Divyangjan) is related to a range of measures from interventions to improve body function for social inclusion and integration. As per Article 26, United Nations Convention on the Rights of Persons with Disabilities (UNCRPD) defines rehabilitation as “appropriate measures, including through peer support, to enable persons with disabilities to attain and maintain their maximum independence, full physical, mental, social and vocational ability, and full inclusion and participation in all aspects of life”. It is estimated that in India, 2.21% of total population, around 2.68 corers have one or other form of disability. The Constitution of India ensures equality, freedom, justice and dignity of all individuals and implicitly mandates an inclusive society for all including persons with disabilities. In the recent years, there have been vast and positive changes in the perception of the society towards persons with disabilities. It has been realized that a majority of persons with disabilities can lead a better quality of life if they have equal opportunities and effective access to rehabilitation measures. The services of Physiotherapy, Occupational Therapy, Prosthetic & Orthotic, Communication therapy/Speech-Language Therapy, Audiological intervention professionals along with other medical & paramedical professionals are essential at different stage to prevent, manage disability and their rehabilitation.

DISABILITY HAS BEEN BROADLY GROUPED AS:

The number of recognized disability conditions has been increased from 7 to 21 in the RPWD Act 2016. Following are the disability conditions included in the RPWD Act 2016:

1. Blindness
2. Low-vision
3. Leprosy Cured persons
4. Hearing Impairment (deaf and hard of hearing)
5. Locomotor Disability
6. Dwarfism
7. Intellectual Disability
8. Mental Illness
9. Autism Spectrum Disorder
10. Cerebral Palsy
11. Muscular Dystrophy
12. Chronic Neurological conditions
13. Specific Learning Disabilities
14. Multiple Sclerosis
15. Speech and Language disability
16. Thalassemia
17. Hemophilia
18. Sickle Cell disease
19. Multiple Disabilities including deaf-blindness
20. Acid Attack victim
21. Parkinson’s disease

Although Government, NGOs and some civil society Institutions have been providing services to the persons with disabilities since long, but these efforts have gained momentum since 1970’s, when the decade was marked by a new approach to disability with the concept of "Rights for Disabled Persons". The United Nations took the lead and issued declarations relating to Rights to the Disabled Persons (1975). The 1983-92 was declared as the “Decade of the Disabled Persons". This was followed by the “Asia and Pacific Decade of Disabled Persons" (1993-2002). The standard rules for the equalization of opportunities for persons with disabilities were adopted by the UN General Assembly in 1993.

In 1995, Indian Parliament introduced “Persons with Disabilities (Equal Opportunities, Protection of Rights and Full Participation) Act" 1995, is adopted by all the states and union territories. The act defines the responsibilities of the central and state Governments regard to the services to the

persons with disabilities. It mandates affirmative action for ensuring useful life to disabled person and refers to the need for action on prevention of disability, provision of medical and other services to minimize the impact of impairment on account of diseases & accidents etc. It also refers to rehabilitation through education, vocational training, barrier free environments, assistive aids and other interventions. In 2016, Country finally witnessed the much awaited Rights of Persons with Disabilities (RPWD) Bill on 14th December, 2016 in the Rajya Sabha and subsequently in the Lok Sabha on 16th December, 2016. The Bill was further approved and signed by the Hon'ble President and 'notified' by the Government in its official Gazette on 28th December, 2016. Thus, RPWD Bill 2016 was 'enacted' and became a 'LAW', the Rights of Persons with Disabilities (RPWD) Act, 2016. It covers 21 categories of disabilities from the previous 7 categories under the 1995 Act, this new Act lays complete emphasis on one's rights – right to equality and opportunity, right to inherit and own property, right to home and family and reproductive rights among others. Unlike the 1995 Act, the new Act talks about accessibility - setting a two-year deadline for the government to ensure that persons with disabilities get barrier-free access to physical infrastructure and transport systems. Additionally, it will also hold the private sector accountable. This also includes educational institutions 'recognized' by the government such as privately owned universities and colleges. A path-breaking feature of the new Act is the increase in reservation in government & private jobs from 3% to 4%.

Govt. of India has established several National Institutes to train professionals/manpower in the field of rehabilitation. National Institutes are Autonomous bodies established for different types of disabilities. The following National Institutes are engaged in Human Resources Development in the field of disability, providing rehabilitation services to the persons with disabilities and Research and Development efforts:-

- (i) Swami Vivekanand National Institute of the Rehabilitation Training and Research (SVNIRTAR), Cuttack
- (ii) National Institute for Locomotor Disabilities (NILD), Kolkata
- (iii) National Institute for Empowerment of Persons with Multiple Disabilities (NIEPMD), Chennai
- (iv) Pt. DeendayalUpadhyaya National Institute for Persons with Physical Disabilities (PDUNIPPD), Delhi
- (v) Ali Yavar Jung National Institute of Speech and Hearing Disabilities (AYJNISHD), Mumbai
- (vi) National Institute for the Empowerment of Persons with Visual Disabilities (NIEPVD), Dehradun
- (vii) National Institute for the Empowerment of Persons with Intellectual Disabilities (NIEPID), Secunderabad
- (viii) Indian Sign Language Research & Training Centre (ISLRTC), New Delhi
- (ix) National Institute of Mental Health and Rehabilitation (NIMHR), Sehore, Madhya Pradesh

These Institutes are conducting training programs at Certificate, Diploma, Degree and Postgraduate levels in their respective disciplines. The Institutes also carry out research; develop models of rehabilitation service, manpower development, and clinical & therapeutic service. They also have extensive outreach programs so that services are available in a decentralized manner. Over the years, the Institutes have trained thousands of professionals who are in their careers in the Country and abroad. In addition to above, the Ministry has also established Composite Regional Centers, District Disability Rehabilitation Centre, supporting to voluntary action programs and National Program for Rehabilitation of Persons with Disabilities under state sector scheme. 1. TRAINING PROGRAMMES

The Ministry of Social Justice and Empowerment supports manpower development in the field of rehabilitation through National Institutes, who are offering a number of courses for which All India Entrance Test is being conducted. Amongst them, some are in the area of:

- (i) Physiotherapy
- (ii) Occupational Therapy
- (iii) Prosthetics & Orthotics
- (iv) Audiology and Speech Language Pathology

1.1 PHYSIOTHERAPY

Physiotherapy is an allied health profession, which emphasizes the use of physical agents in the management of diseases, prevention & rehabilitation of disabling conditions. Physiotherapy deals with problems particularly those associated with Neuromuscular, Musculo-skeletal and Cardio-vascular & Respiratory systems. The therapeutic methods are based essentially on manual therapy, electro therapy and use of other physical agents.

A Physiotherapist is trained to assess, plan and provide therapeutic services to the individual with sensory and motor deficits. After successful completion of the course, a student can seek placement as a physiotherapist in hospitals, rehabilitation centers, Physiotherapy clinics and as a faculty in the concerned subject etc. The avenues for higher studies & research are also there. The specialization in physiotherapy in the area of Orthopaedics, neurology, Paediatrics, sports, rehabilitation, cardio respiratory physiotherapy etc. are available. Specialized techniques in the field of manual therapy & electrotherapy etc. are coming up.

1.2 OCCUPATIONAL THERAPY

Occupational Therapy aims to provide therapeutic and functional management to the disabling medical conditions (Physical and mental) so as to enable them to perform maximum possible function independently viz. daily living activities, play, performance at the work place through sensory integration therapy, work simulators, EMG-Biofeedback, therapeutic activities, etc. In occupational therapy, modified, adaptive/assistive & supportive devices are also developed and used to make the life more independent, productive and dignified.

As an indispensable member of a medical/rehabilitation team, this discipline; one find a wide scope in various hospitals, NGOs, Paediatrics Hospital & psychiatric centers, industrial setups, educational institutions, sports industries, homes for aged, reconstructive/plastic surgery and leprosy rehabilitation centers etc. The community based rehabilitation is another area where occupational therapy is being recognized as an important component.

A successful candidate has job opportunities as therapist, teaching faculty, researcher in Government & NGOs, self-employment, consultant/advisor in industrial & educational institutions etc. in the Country & abroad.

The avenues for higher studies in occupational therapy in the specialties like rehabilitation, Orthopedics, Hand Rehabilitation, Developmental disabilities, neurology, psychiatry, sports etc. & research are also available.

1.3 PROSTHETICS & ORTHOTICS

Prosthesis is an artificial replacement or substitute for a lost part of a limb amputates due to congenital or acquired causes. The profession got its recognition more in early seventies in post war era. This was due to the sudden increase in number of war victims amputees requiring fitments of artificial limbs (Prosthesis).

Orthosis is a device applied over body to the individual to support, maintain or correct the deformity in a weakened part of body. It may also be applied with the additional objective to assist, allow or restrict movement of joint of the body in different orthopaedic, neurology, pediatric & sports injury condition . Orthotics is the practice to design, fabricate, the orthosis. After successful completion of the course, a student may get placement as a Prosthetist/Orthotist in Rehabilitation Centres, Hospitals, Trauma Centres, Multinational companies and Manufactures, Academic Institution and Self employment, in Government and Non-Government sector in the Country and abroad.

The avenues for higher studies & research in the area of Prosthetics and Orthotics are enormous.

1.4 AUDIOLOGY AND SPEECH LANGUAGE PATHOLOGY

10. METHOD OF SELECTION & COUNSELLING/ADMISSION

10.1 Merit list/ Waiting list will be generated on the basis of marks obtained in the Common Entrance Test-2024.

The result and schedule of online E-counseling will be available on the website <https://admission.svnirtar.nic.in> by stipulated date. The candidates are advised to appear for Document verification/ counseling based on result published on website.

10.2 Merit List

The admission will be made strictly on the basis of merit of the eligible candidates determined by the marks obtained in CET-2024.

In case of two or more candidates obtaining equal marks in the CET-2024, the inter- se-merit of candidates will be determined according to the following criteria:-

- i. The candidates getting higher marks for Biology/ Mathematics in CET-2024 shall rank higher in the merit list.
- ii. In case of tie in (i) above, the candidates securing higher marks in Chemistry in CET-2024 shall rank higher.
- iii. In case of tie in (i& ii) above, then the candidate getting higher marks in Physics in CET-2024 shall rank higher.
- iv. In case of tie in (i), (ii) & (iii) above, the candidate getting higher marks in 10+2 shall rank higher.
- v. In case of tie in (i), (ii), (iii)& (iv) above, the candidate elder in age shall rank higher.

As the merit list will be generated based on the marks secured in qualifying examination and date of birth (in case of tie) as provided by candidate during submission of application form, the candidate will lose the right for admission if the information provided is found to be incorrect during document verification.

10.3 CHOICE LOCKING, SEAT ALLOTMENT, AND DOCUMENT VERIFICATION

Merit list for CET-2024 will be published on the stipulated date. All candidates irrespective of their Rank are required to login the website <https://admission.svnirtar.nic.in> for **Registration and CHOICE FILLING & LOCKING** for choice of Course/Institute as per the date mentioned, failing which the Candidate will not be allotted any seat during seat allotment process. Candidates are advised to fill choices in the order of preference taking course/Institute (Minimum 1 and Maximum 15 choices) into consideration and submit maximum number of choices in order to avoid un-allocation.

After completion of choice locking period, seat allocation will be done by the system considering merit rank, reservation rule, availability of seat, and choices filled. System will allocate the best possible preference of choice from the list of choices submitted by the candidate. The list of candidates allocated seats will be published in the official website <https://admission.svnirtar.nic.in>.

Once seat allotment result is declared, candidates can login to the admission portal and complete the following activities:

- a. View seat allotment
- b. Pay part admission/ Seat allotment fee of Rs. 10,000.00 towards confirmation of allotted seat (Not applicable for UDID Card holders)(to be adjusted or deducted from admission fees of respective Institute). The amount shall be forfeited or non-refundable if the candidate not attended for certificate verification on the stipulated date/ leaves the course/ documents mismatch during physical verification at respective Institute.
- c. Willingness for Seat Up-gradation or Freeze

All the candidates who have completed the above steps will be called to the Institute for document verification. The candidate must be physically available at the Institute with all original documents on the date of document verification. **Candidates who will not complete the above activities within the scheduled date/time, their allocated seat will be cancelled and they will not take part in further round of seat allocation.**

During document verification, if there is change in profile of candidate i.e. change of domicile, social category (SC/ST/OBC/EWS), special reservation (PH/NE) and it affects seat allocation, the allotted seat will be cancelled, candidate's profile will be updated and he/she will be considered in subsequent rounds of seat allotment with updated profile only. Any reservation category i.e. SC, ST, OBC, EWS, PH, NE cannot be added during this period as it will affect the overall rank.

On successful document verification, the candidates will have to pay the remaining balance amount (Not applicable for UDID Card holders) through Debit Card/ Credit

Card/ Internet Banking/UPI/ Wallet/ Challan to confirm their admission process within the stipulated period of time. Once the Balance Admission Fee is paid online, the candidate must take a print-out of Admission Fee Payment Receipt for future references

A candidate, who fails to enroll or register or appear in e-counselling process on the notified date and time, shall forfeit his/her claim for a seat.

Those candidates who have opted “FREEZE” and on successful document verification, seat allocated will not change in subsequent rounds. Those candidates who have opted “UPGRADE” and on successful document verification, seat allocated may change depending on the vacancy created by non-reporting of candidates and seat cancellation during verification.

After each round of Document verification cum e-Counseling cum admission net vacant seats will be published on the official website <https://admission.svnirtar.nic.in>.
